Printable Pressure Sensitive Adhesive Tape Reinforced with Fiberglass

DESCRIPTION:

This pressure-sensitive adhesive tape features a high-strength fiberglass-reinforced backing and a printable surface, making it ideal for demanding packaging applications. The tape combines excellent tensile strength with reliable adhesion and printability, suitable for bundling, carton sealing, and identification

SPECIALLY DESIGNED FOR:

Ideal for securing corrugated boxes that require extra strength and durability during shipping, storage, or export. Used to bundle and stabilize products on pallets, ensuring safe transport and minimizing shifting or damage. Serves as an alternative to plastic or metal strapping for lightweight loads, offering high tensile strength with easier handling. Provides visible signs of interference when removed, making it suitable for high-value or sensitive goods. The tape's surface supports printing of barcodes, logos, batch numbers, or tracking information for inventory and logistics.
